

Find & Hire Employees, Sooner.

From advertising jobs to making offers, get everything you need to attract and hire better employees — in less time.

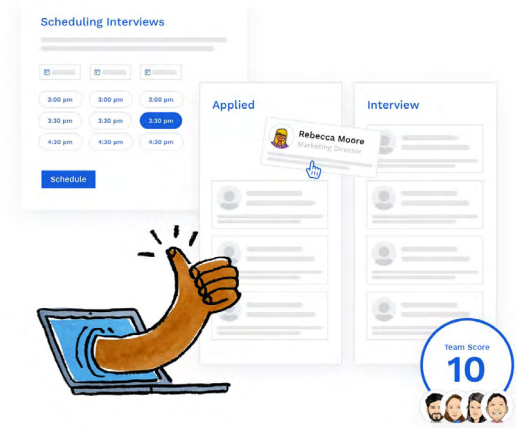

ATTRACT

- Post and promote your jobs to 50+ job boards from one place, in one click
- Launch your clean, branded career & referral site in under a minute — zero coding required
- Source and sync communications with new passive candidates from your LinkedIn Recruiter account directly into Breezy
- Screen on autopilot – our application questionnaires filter for what you need, automatically

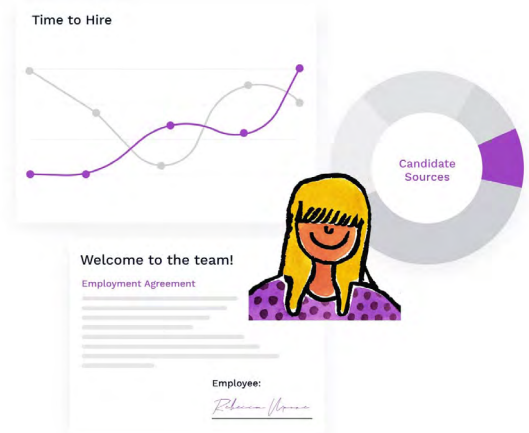

QUALIFY

- Drag and drop your candidates through a powerful, easy, and customizable pipeline
- Automate manual workflows with stage-based emails, texts, and self-scheduling interviews
- Prioritize your pipeline with Breezy's AI Match Score, enabling you to see your best-fit candidates at a glance
- Automate manual workflows with stage-based emails, texts, and self-scheduling interviews
- Simplify interviewing with native video interviews, or effortless integrated Zoom, MS Teams and Google Meet scheduling, plus actionable scorecards and structured interview guides
- Access all candidate-related documentation, communication, and team chat in one screen

HIRE

- Automate candidate reference checks and fast, compliant background screens
- Send, receive, and sign offer letters in-app
- Push all of your new hires' info to your HRIS with one click
- Improve your hiring from end to end, with source and pipeline performance analytics
